

RINOJA COMERCIAL MARCAS

VALVE & AUTOMATION

*QUICK SHIP PROGRAM

Availability for same day turnaround for fully automated packages.

- ★ **JAMESBURY**
 - Watersphere high performance butterfly valves
 - Industrial ball valves for demanding services
 - Wide range of pneumatic and electric actuators
- ★ **Stoneil**
 - Quarter turn valve communication solutions and control through quartz limit switch and axiom AX, AN, and AMI
 - Linear proximity switch offers the hawkkeye series
- ★ **ITT**
 - **Fabri-valve:** heavy-duty knife gate & ported slide valves
 - **Die-flt:** bubble tight shut-off diaphragm valves control emissions and separate working components from flow
 - **Cam-tite:** top entry ball valves for ease of maintenance
- ★ **DSS VALVES**
 - Industry leading manufacturer specializing in zero leakage severe service bidirectional knife gate valves
 - Cost effective, yet high performance option to replace CL150/300/600 large OD ball and plug valves
- ★ **FNW**
 - Ball and butterfly valves, gate, globe and check/knife gate valves
 - Electric and pneumatic actuation
 - Knife gate valves

- Fully comprehensive general and severe service control valve offering
- Globe, V-notch, eccentric plug, trunnion, butterfly, right angle, Y-pattern
- Made in the USA

- **Sliding gate control valve:** broad rangeability, high turn-down and compact design for clean service
- **Angle seat valve:** high-cycle and economical alternate to on/off ball valves
- **Ball sector:** quarter turn control valve for abrasive service

- **Megaseal:** Pulp and Paper metal seated ball valves
- Severe service metal seated ball valves
- **Power Generation:** S Series & T Series
- Coating options available

- Wide range of process, sanitary and high purity ball valves with patented hermetix stem seal guaranteeing zero stem leakage
- Space saving, fast acting, 4-piston spring return or double acting compact ii pneumatic actuators with a full 7-year warranty

- ★ **ABZ VALVE**
 - Wide range of competitive butterfly valves and actuators
 - Large local stocking position of 2" through 24" valves and actuators in stock
- ★ **FLOWSERVE**
 - P5 pneumatic, EP5 electro-pneumatic, D20 and D3 digital "smart" positioner w/ self diagnostics
 - Hart protocol for startup and service communications
- ★ **WESTLOCK CONTROLS**
 - Widely accepted limit switches and positioners for valve actuation and control
- ★ **Easyork**
 - Vane style actuators for on/off and control
 - Patented spring return pilot valve design
- Amresist**
 - Acris teflon lined butterfly valves and ball valves for high corrosion or ultra pure applications
 - PFA offers superior abrasion and permeation resistance to PTFE
- XOMOX**
 - Tuffline non-lubricated and fully lined ball, plug and butterfly valves
 - Process ball valves
 - Process high-performance butterfly valves

- Sanitary fittings, tube and pumps
- Topline sanitary diaphragm valves

- Intelligent IQ/IQT series electric actuators for on/off or modulating service for quarter turn or linear valves
- Scotch yoke, rack and pinion, and vane actuators for pneumatic applications
- Full line of actuation instruments and accessories

- Fully comprehensive line of quarter turn, multiturn, and the industry leading SurePowr series of spring return electric actuators designed to address the most severe and demanding service requirements

- Fairchild instruments: filter regulators, volume boosters
- YTC digital, electro-pneumatic, pneumatic positioners
- Solids transmitters, pressure switches, position sensors

- Heavy duty 5MB and L120 electric actuators
- MX and GX smart electric actuators
- Full range of accompanying gear boxes
- Complete valve packages paired with any valve on our line card

- Positive shut-off engineered check valves with features that solve common check valve problems
- Repairable design allows for high flows with minimal pressure drop
- Made in the USA

SPECIALTY PRODUCTS

- DK-LOK**
 - Widest product range of instrumentation fittings and valves, manufactured to the most stringent industry standards
 - One of the most certified tube fitting and valve manufacturers in the world
- INDUTECH**
 - Tank level transmitter isolation valves with unique process swirl purge
- sofis**
 - **Flexi-drive:** closed cable drive valve operator allows you to safely operate a manual valve in a hazardous or hard to reach area
 - **Easi-drive:** a portable, efficient and cost effective alternative to a dedicated valve actuator for high torque or difficult to operate valves
- ERECTOSTEP**
 - **Erectastep:** save time and eliminate costly engineering and fabrication with modular crossover stairs and work platforms
 - **Yellowgate:** patented universal swing safety gates, traffic gates and rooftop handrails

- The "problem solved" valve: Stargate-port and big blow digester valves customized to your application provide bi-directional positive shut off
- Custom critical valve solutions offering unparalleled warranty and performance guarantees
- Bidirectional tight shut-off

- Innovative insulation system engineered for pipe, valves & pumps
- Durable and reusable insulation that is waterproof and chemical resistant
- Fast and safe installation
- Scanning technology to scan piping systems, valves & pumps for custom solutions

- **Garlock sealing technologies:** a complete range of sealing solutions
- **Static seals:** expansion joints & gaskets – Gylon®, fiber, spiral wound end rubber
- **Dynamic seals:** compression packing, chevron® packing, molded elastomeric seals

RINOJA COMERCIAL MARCAS

SERVICES & FABRICATION

- Industry leading PTFE, PVDF and polypro lined carbon steel piping systems
- The economical alternative to high alloy piping materials for harsh applications

- McElroy fusion equipment sales and rentals
- Fusion techs able to shop fuse or site fuse hdpe
- Pitbull, rolling, tractor and datalogger machine rental and sales
- Factory authorized parts and repair retailer

In-house value added capabilities

- 2 HDPE fusion & fabrication regional locations
- 5 national crane resistoflex authorized spooling facilities
- 5 regional valve automation shops
- Atom flash cutter for custom gasket cutting with a quick turnaround
- Automated custom tag machine
- Pump repair shop
- NACE level 3 coatings shop and field service

- Full service valve repair shop for either on-site or in-shop needs
- VP2 virtual valve and parts program
- Turn-key on-site automation services for welded in-line valves

PUMPS & SEALS

- A.W. Chesterton company is a leading international manufacturer of industrial fluid sealing systems, advanced polymer composites, cleaners, lubricants and industrial specialty products
- Chesterton is a world leader in split seal technology with the largest installed base globally
- Chesterton offers a full line of sealing options for plant wide use
- Chesterton's arc coatings provide superior performance against erosion, corrosion, abrasion, and chemical attack to both metal and concrete.

- Leading manufacturer of airopowered doublediaaphragm (AODD) pumps and fluidhandling solutions for industrial markets
- Pumps available in plastic, metal, FDA & hygienic pumps and specialty pumps

- Blackmer system one pumps are the industry standard for reliability offering strength and durability in the toughest, most extreme environment while reducing the required level of maintenance
- These vibration-resistant designs utilize the lowest shaft stiffness ration (L3/D4) in the process industry to delivery maximum system reliability

- Backed by 70 years of experience and commitment to manufacturing quality centrifugal pumps, Griswold® provides solutions for many of the world's largest industrial applications
- With our world-class engineering expertise, deep application knowledge, testing capabilities and exceptional customer support, we meet our customers' most demanding application requirements
